3. Card(s) for Applicable Payment and Deposit

Payment Methods

Accepted payment method(s) by Hertz for payment due at pick-up:

Credit card(s) in the name of main driver

Accepted Cards      

*The credit cards must be embossed.

Deposit

USD 761.00 for pre-authorization on main driver's credit card(s) at pick up. Refunded within 30-60 business days after car return with no theft/damage or no due payment.

Usually a deposit will be held as a guarantee by car rental companies at pick-up. This will be fully released or refunded if there is no damage/theft of the vehicle or any due payment after car return. Please note that this does not represent your total excess liability which can be found in the Insurance Coverage/ Excess liability section.

In the event that you fail to present a valid payment method with enough funds for deposit, the car rental agent may refuse to release the vehicle. In these instances, no funds paid will be reimbursed.

4. E-Voucher / Printed Voucher

E-voucher is supported to get car and you don't need to print it out. It must be produced upon arrival at the rental desk. You can get E-voucher on QEEQ App. [Download App](#) Failure to present the voucher means the car rental agent may charge you at the local rates.

At Pickup Time

Car Inspect

Before you drive away from the pickup station, inspect the car carefully for body damage. Be sure the lights and turn signals are working properly, and check the mileage odometer. Report any defects at once. Familiarize yourself with the workings of the car before you leave the lot. Check which side your gas tank is on, and learn how to use the headlights, windshield wipers and turn signal. It may seem obvious, but you'll also want to memorize the make, model and color of your car -- that way you won't lose it the first time you park in a crowded lot!

Early Pickup

If you need to pick up the car earlier than the reserved time, please call the store in advance to confirm the availability. Often, you need to return the car earlier the same period that you put forward your pick-up. Otherwise, it may cost you additional fees. **Please refer to the Terms and Conditions of your rental agreement for more accurate details.**

Late Pickup

Your reserved car may not be guaranteed if you do not pick up the car in time. Please call the store in advance in the event of late pickup. In addition, late pick-up may be charged full price for no-show or be charged the respective rental costs for the delayed time. **Please refer to the Terms and Conditions of your rental agreement for more accurate details.**

What is No show? - Not As You Usually Think.

A 'No-show' is when you: wish to cancel but don't tell us before your rental is due to start, or fail to pick the car up at the arranged time and date, or fail to provide the documentation that's required to pick the car up, or fail to provide a credit card in the main driver's name with enough available funds on it for applicable payments at pick-up (such as deposit).

Be considered No show? - Always Contact Us For Assistance.

First of all, don't forget to cancel your booking if you've cancelled your car rental plan, so that you won't be considered as No show. When you're going to be late for your pick-up due to flight delay or such occasions, contact the car rental supplier or contact us to reserve the car for you. Or else the car rental company will consider you as no show. When the car rental supplier do consider you as No show to your rental and refuse to release the car to you, contact us for assistance. We are here 24*7 for you to maintain your best interest.

During Your Rental

Roadside Assistance

Roadside Assistance is commonly offered as an optional paid service by your rental company. Keep in mind that you can either sign up for roadside protection at the beginning of your rental (when you do your contract) or you may automatically "opt-in" to the purchase of this service if you use it during your rental -- for example: calling the provided number to request help for lost keys, towing, fuel delivery, etc. It's always best to carefully read your rental contract and discuss this type of program with your rental agent before leaving the rental counter. Find out what is included and what is not covered (ie ask about flat tires, lost keys, etc)

Cross-border

Most U.S. car rental agreements do not allow you to drive the car across international borders. Additionally, your U.S. car insurance rarely covers international car rentals, so you will likely want to purchase insurance from the rental company at the time of rental. Outside the U.S., policies on border crossing vary by destination and car rental agency. In some cases driving into another country is permitted if you give advance notice and/or pay an extra fee. If you do drive across international borders without authorization and you have a problem, the protections of your rental contract, insurance and other sources may be negated.

Returning Your Car

Gasoline

Be wary of prepaid gasoline plans. Always fill the tank yourself before returning the vehicle so that you're only paying for the amount of gas you actually used. Try to avoid the gas stations right near the airport where you're dropping off your car -- the prices tend to be highest there. Instead, fill up a few miles away.

Early Return

It may seem counter-intuitive, but returning your car early may actually cost you money. You might have to pay an early return fee, but even worse, your rate structure might change, leaving you responsible for the difference. But even worse, the car hire supplier may not refund you of the unused days due to the fact that the booking's price comes in a package and cannot be separated. (If you're paying a weekly rate but return the car after only six days, you could end up paying a more expensive daily rate.) **Please refer to the Terms and Conditions of your rental agreement for more accurate details.**

Late Return

Of course, returning the car late could cost you too -- many car rental companies only give you a 30-minute grace period before beginning to rack up the late fees. Before leaving the vehicle, check to be sure you haven't left any personal belongings. Don't forget to check the trunk! The most common lost articles include cell phones, sunglasses and umbrellas. **Please refer to the Terms and Conditions of your rental agreement for more accurate details.**

Check the charges

Be sure that the check-in attendant inspects the car's body in your presence and that you agree about any damage. Examine your rental agreement carefully for all charges and make sure the agent credits any deposit to your account while you wait.
